[REDACTED] advised him that he had secured an understanding with EE to continue with planned changes for rotation and assignment of personnel during this interim period pending final determinations concerning the

general cutback [REDACTED]

2. Discussed with O/RR the effect of the recent notice prohibiting the payment of overtime for training. I agreed to discuss the matter with DD/A in an effort to secure approval for the continuation of overtime payment for the two Saturday morning courses presently being given by O/RR.

3. Discussed with Colonel White, DD/P concurrence in the establishment of [REDACTED] with the condition that the present DCI ceiling on the Senior Rep T/O be increased from [REDACTED] to [REDACTED]. It was agreed that he would consider the possibility of a separate O/RR T/O for the team rather than establishing it as an integral part of the Senior Rep's T/O.

4. In further discussion of the ceiling question, Colonel White advised that the DD/A was personally reviewing requirements in DD/A area in an effort to cut their present ceiling allocation. I urged that a special effort be made to get the DCI to recognize the present overall ceiling allocation, approximating [REDACTED] rather than to require a cutback to the original figure [REDACTED] Col. White agreed that this issue had probably not been fully discussed with the DCI and indicated that in future discussions an effort would be made to confirm the present figure.

5. Discussed the following with [REDACTED]:

a. It was agreed that it was desirable in connection with the establishment of a GS-16 for the Chief of FDD that Classification & Wage should be requested to survey the current functions and responsibilities of FDD and that resubmission of the GS-16 request to the Supergrade Board should await the results of this survey as well as approval of the NSCID.

b. Discussed pending O & M proposal for centralized direction and administration of graphics services under O/RR, to which FDD had dissented. As FDD has only one specialized individual engaged in graphics work, it does not appear expedient to include FDD under the plan and I agreed to request an exemption from O & M.

6. Learned that the Supergrade report has not as yet been referred to the DCI - being still under consideration [REDACTED]
